

## Mission statement

### Our vision

ALUPRESS – leading the industry

### Our mission

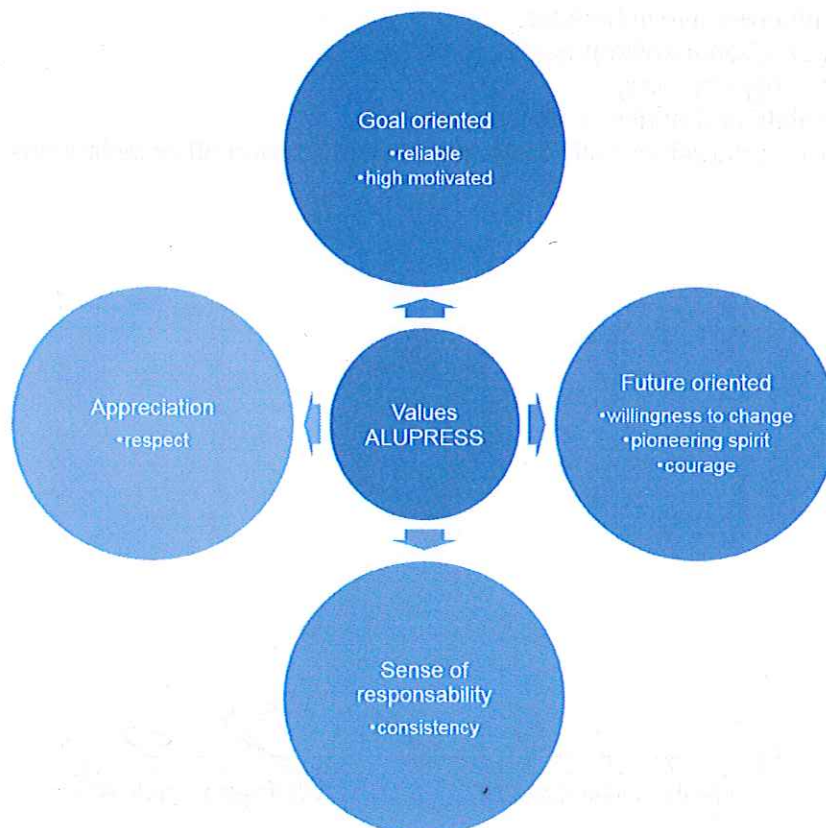

ALUPRESS is recognized worldwide as a specialist in high-quality, ready-to-use aluminum die-cast components. We produce and manufacture parts for both the automotive industry and for other innovation-driven industrial areas of application.

We have a claim to leadership in our fields of activity and work together with global enterprises and system partners. We provide strong teams capable of intervening in all areas and at any location.

Our aim is to enthuse our customers and offer them maximum added value with our high-quality developments, standardized manufacturing methods, innovative technologies and skilled, qualified employees.

Safeguarding the future of our enterprise is a central economic and social responsibility for us today.

### Our values

The joint elaboration of rules and management principles makes it possible for us to live up to our values. These rules and principles are binding for all Alupress employees
